ABOUT US

Opening in 1999, West Coast Poly is proudly West Australian.

From our modern manufacturing facility in Canning Vale, we produce a wide range of products that are part of WA's strong tradition of local manufacturing and innovation.

We are dedicated to producing high-quality, long-lasting polyethylene vessels using a specialised "single piece" moulding method. This seamless process delivers superior strength and durability, perfectly suited to Western Australia's demanding conditions.

Originally focused on agriculture and supporting our state's primary producers, we have expanded to serve the resource, mining, industrial, and civil sectors. Along the way, we have built lasting relationships with a loyal client base that values quality, reliability, and local expertise.

OUR TECHNOLOGY

At West Coast Poly, we're committed to leading the way in roto-moulding technology.

Through continual investment in advanced software, state-of-the-art machinery, and refined manufacturing techniques, we ensure the highest standards of quality.

In 2020, we introduced the SRM 6500 Series 3-Sided Shuttle Machine - one of the largest of its kind - joining our three twin shuttle machines to elevate production. Our 2023 addition, a 4.1m, 4-arm carousel, further boosts capacity and ensures fast, reliable service for our customers.

Every tank we produce is built to meet our **Engineered. Tested. Certified. Trusted.** quality commitment. Each unit undergoes rigorous testing - including ultrasonic wall thickness measurement and low-temperature impact testing - to ensure it is strong, thick-walled, and built to last.

This unwavering focus on quality is why we're ISO and Watermark certified - and why you can always count on a superior, long-lasting tank that's truly built for WA.

BRAND AMBASSADOR - JOSH KENNEDY

Premiership player Josh Kennedy has proudly represented WA on the nation's biggest stage - & now he's teaming up with West Coast Poly to champion local manufacturing and support rural communities.

Having grown up in the regional town of Northampton, Josh understands the challenges of dry conditions and the vital role quality water storage plays across the state.

We also recognise the importance of grassroots footy in bringing people together. Through our 16+ year partnership with the West Australian Country Football League, & now alongside Josh, we're committed to supporting local football & strengthening the communities that support us.

CONNECT WITH US

Agricultural Range WATER STORAGE TANKS

At West Coast Poly, we make tanks that are built for WA - strong, lightweight, & ready for the toughest conditions.

Our water tanks are easy to install, simple to relocate and built to last. UV-stabilised, rigorously tested, and backed by a 20-year guarantee, they're made for long-term reliability.

Whether it's storing rainwater, stock water, spray water, or bore water, West Coast Poly delivers a water tank that you can rely on.

WCP1000FF	1,000L	1.50m	1.20m	1.335m	\$7,139

PRICES INCLUDE: All in one unit, complete with galvanised skid, hose reel, and pump. Full details in standard fittings below.

STANDARD FITTINGS INCLUDE

- 40mm camlock quick connection fittings
- Hinged screw top lid
- Hot dipped galvanised skid with front & side fork tine lifting and tie down points
- Cast aluminium hose reel, fast winding with a reel lock and smooth guide rollers
- 30m x 25mm hose with adjustable flow nozzle
- 6m suction hose with foot valve for fast and efficient self-filling capability
- Davey 5155HV fire pump with a 5.5hp Honda GX160 engine

ADDITIONAL ACCESSORIES

Individual Hose Reel - \$990

Individual Hose Reel with 1" fire hose and nozzle - \$1,276

PUMP UPGRADE AVAILABLE

Twin Impeller 5265HV - \$341

“Low Profile Design For Even Weight Distribution”

FIRE GUARD

SKID MOUNTED FIRE RESPONDERS

Engineered for optimal performance and rapid response, the low-profile design ensures even weight distribution for safe and easy transport.

With user-friendly features and a low-profile design, these units fit neatly on tray-back utes or flatbed trucks. The heavy-duty galvanised steel sled securely bolts the tank, pump, and hose reel for balanced spacing and easy access during critical moments.

For Life on the Land WATER TROUGHS

West Coast Poly's stock troughs offer the highest levels of practicality and reliability

With high volume capability, our troughs are constructed using Linear Medium Density Polyethylene. This makes them tough, durable with high levels of impact resistance, while still being suitable for all water types. Thanks to their clever design, our troughs are easy to maintain and clean, with robust protected fittings so even the most curious livestock can't damage them.

RECTANGULAR SUPA TROUGH

Product Code	Volume	Width	Length	Wall Height	Price
WCP550ST	550L	0.80m	3.40m	0.50m	\$1,793
WCP800ST	800L	0.80m	4.60m	0.50m	\$2,068

INCLUDES: Float valve – standard 1½" (40mm) Poly (2" at additional cost), hold down restraint points both ends, heavy duty float valve cover, fully draining with internal sump and 3" drain bung, easy clean sweep out end.

RECTANGULAR LONG TROUGH

Product Code	Volume	Width	Length	Wall Height	Price
WCP170LT	170L	0.42m	3.20m	0.40m	\$1,100
WCP300LT	300L	0.42m	4.60m	0.40m	\$1,320

INCLUDES: High flow float valve – standard 1" (25mm) Poly (1¼", 1½" or 2" at additional cost), hold down restraint points both ends, heavy duty float valve cover, fully draining with internal sump and 2" drain bung, easy clean sweep out end.

“ Experience the best in strength & durability with our round trough

HEAVY DUTY ROUND TROUGH

Product Code	Volume	Diameter	Wall Height	Price
WCP1200RT	1,200L	1.60m	0.60m	\$979

Trough comes complete with tamper resistant float valve & 50mm drain bung. Available in Beige only.

TANK AND DONUT TROUGH

LIQUID CARTAGE TANKS

WATER CARTAGE TANKS

When time efficiency matters, our range of liquid cartage tanks can help make you more productive.

With a range of 600L - 17,000L, like all West Coast Poly products our cartage tanks are designed to be lightweight yet strong & durable for our WA conditions. With large outlets for faster liquid flow, our range of cartage tanks make water transport a breeze.

CARTAGE TANKS - ORIGINAL RANGE

LIQUID FERTILISER CARTAGE TANKS

Spend less time filling and more time spraying with our range of fertiliser cartage tanks.

Ranging from 600-17,000 litres, with the largest in the range able to fill up a 5000L sprayer 3.5 times, the equivalent to tripling your sprayer capacity. Constructed using a Linear Medium Density Polyethylene (LMDPE) and quality stainless steel fittings that provide outstanding chemical compatibility, corrosion resistance and faster liquid transfer, saving precious time during your busy periods.

- 4" outlets or larger flanged style - **available on request**

LiquidLocker™ BAFFLE BALLS

Designed for the safer transportation of liquid, the LiquidLocker™ baffle system supplied by TTI reduces liquid surge within the tank when cornering and braking. This improves the safety and stability of your vehicle.

Product Code	Baffle Balls	Unit Price
TTIBAFF	Supply Only - <i>unassembled</i> (1ball per 33L)	\$11
TTIBAFFTP	Assembled & Installed in Tank (1ball per 33L)	\$14.30

*Recommend filling 100% of the tank.

WHY LiquidLocker™ BAFFLE BALLS?

- The irregular shape allows balls to interlock preventing any movement of the balls inside the tank
- Significantly reduces fluid movement for improved load stability during transit
- Food grade quality material, suitable for diesel & other liquids
- Complies with load restraint guide performance standards
- 386g per LiquidLocker™ & it takes up just 1.7% of your tank's total volume

Cartage Tanks SKID FRAMES

SKID FRAMES - CARTAGE TANKS

Our skid frames are designed & made in-house at our modern Canning Vale facility & are commercial heavy duty grade. The West Coast Poly skid frames are HDG (Hot Dipped Galvanised) for high durability. With usability in mind we designed our skid frames with multi sided fork tine lifting points giving you maximum versatility and mobility for your cartage tanks.

We can customise our skid frames to suit whatever needs you require, simply contact our friendly sales team.

WCP50000LF	50,000L	66	4.60m	3.45m	\$16,258

MAX Specific Gravity = 1.32

STANDARD FITTINGS INCLUDE

- 3" (80mm) HDPE poly infill line with stainless steel non-return valve, camlock and dust cap and 13mm drain valve
- 2" (50mm) or 3" (80mm) suction outlet – Stainless steel isolation ball valve with camlock connection & dust cap
- Screwed inspection hatch
- Guided Tank Gauge - tank mounted mechanical level gauge
- 4 tie down points
- FEA engineering certified

Fast Batch Turnover FERTILISER MIXING TANKS

Giving you on-site mixing capabilities for agricultural fertiliser mixing, while also providing the flexibility to tailor specific formulas that suit your application needs.

The West Coast Poly mechanical/electric mixer comprises of a vertical prop shaft with a roof mounted electric motor & gearbox, driving a stainless steel prop shaft, designed specifically for your process application.

With our vast tank manufacturing experience, our mechanical mixer engineering team have a mixer tank solution for your needs. Whether it be low level, high velocity or process stirring, fully draining floors, a tank can be made to your requirements.

Product Code	Volume	Height	Diameter	Mixing Volume (Suggested Batch Vol.)	Price
WCP5000MX	5,000L	1.30m	2.35m	4,000L	\$15,756
WCP9000MX	9,000L	1.50m	2.85m	8,000L	\$17,198
WCP14000MX	14,000L	2.20m	2.85m	12,000L	\$17,603
WCP25000MX	25,000L*	2.60m	3.78m	22,000L	\$24,355
WCP38000MX	38,000L*	3.15m	4.30m	35,000L	\$34,497
WCP50000MX	50,000L*	3.45m	4.60m	47,000L	\$39,100

Pricing represents 240v units -415v available on request.

STANDARD FITTINGS INCLUDE

- 240v single batch mixers
- 5,000L to 14,000L: 50mm (2") poly outlet + ball valve
- 25,000L to 50,000L: 80mm (3") poly outlet + stainless steel ball valve.
- Hinged PE loading hatch

ADDITIONAL OPTIONS

- Low level/variable batch mixers
- 415v mixers
- Internal baffles
- Flanged fittings
- Fully draining floor
- Level indicator
- **OTHER TANK SIZES ON REQUEST**

APPLICATIONS

- Chemical applications
- Fertiligation
- Individual recipes combinations
- Broadacre/Viticulture/Horticulture

BENEFITS

- High agitation rate for rapid batch turnaround
- Aggressive floor scouring to prevent sediment
- Versatility to produce specific fertiliser/chemical recipes

*Additional oversize delivery charge P.O.A. 38,000L and 50,000L require mixer to be installed on-site, extra cost involved depending on delivery destination.

Secure Storage DIESEL TANKS

Built tough for secure on-farm diesel storage and efficient diesel handling.

West Coast Poly Diesel Storage Tanks are expertly designed with a suite of clever features. Acting like a suit of armour for your diesel, they protect against contamination and ingress, while enabling faster, more efficient handling. West Coast Poly has your on-farm diesel storage needs covered, so you can focus on farming.

DIESEL STORAGE TANKS + ITALIAN MADE PIUSI PUMP KIT

5,000L	WITH PUMP	NO PUMP
Product Code	WCP5000DSP	WCP5000DS
Diameter	1.93m	1.93m
Apex Height	2.17m	2.17m
Price	\$11,099	\$5,731

10,000L	WITH PUMP	NO PUMP
Product Code	WCP10000DSP	WCP10000DS
Diameter	2.35m	2.35m
Apex Height	2.71m	2.71m
Price	\$12,463	\$7,183

STANDARD FITTINGS INCLUDE

TANKS INCLUDE:

- 50mm (2") fill line
- 40mm lockable drain valve
- Fully sealed roof to prevent water ingress
- Volume level sight tube + isolation valve
- 80mm (3") overflow port with ingress protection & vermin proof screen
- Earth/Ground cable
- Twin vent diesel breather

OTHER SIZES AVAILABLE ON REQUEST

WITH PUMP:

- 12v or 240v Italian made PIUSI Diesel pump kit
- Flow meter sealed within steel cabinet
- Earth/Ground cable
- Flow rates of 80L/min for the 12v and 90L/min for the 240v
- Protective water filter
- Auto shut off nozzle
- Diesel grade delivery hose 12v = 4m hose & 240v = 7.5m hose

STANDARD FOR THE STORAGE OF DIESEL FUEL (AS1940:2017)

West Coast Poly diesel tanks are designed in accordance with AS1940:2017 storage and handling of combustible liquids.

Tank installation including bund requirements are the responsibility of the user and should be as per required in accordance with AS1940:2017.

Secure Storage ADBLUE TANK

West Coast Poly's AdBlue tanks are expertly designed to give you total peace of mind, knowing that your AdBlue is stored securely.

Their heavy duty and single piece roto-moulded construction gives these tanks unmatched strength and durability. While also coming with a Piusi pump kit as standard, to give you easy access to your AdBlue on-site.

For a complete AdBlue storage solution that meets the needs of your modern high performance diesel engines, it has to be West Coast Poly.

ADBLUE STORAGE TANKS + ITALIAN MADE PIUSI PUMP KIT

Product Code	Volume	Diameter	Apex Height	Price
WCP10000AS	10,000L	2.35m	2.71m	\$14,036
WCP5000AS	5,000L	1.93m	2.17m	\$11,539

**OTHER SIZES
AVAILABLE ON
REQUEST**

STANDARD FITTINGS INCLUDE

- 12v or 240v PIUSI AdBlue pump kit with flow meter sealed within steel cabinet
- Flow rate of 35L/min
- 5m delivery hose plus auto shut off nozzle
- 2" fill line
- 40mm lockable drain valve
- Lockable calibrated site tube
- 3" overflow port with ingress protection & vermin proof screen
- Fully sealed roof to prevent water ingress

Secure Storage DIESEL CARTAGE TANK

A hard-wearing workhorse to transport your diesel safely and efficiently.

No matter if you're seeding, spraying or harvesting our Diesel Cartage Tanks will help keep your operation moving forward. Thanks to their meticulous design and our cutting edge Roto-Moulding technology, our Diesel Cartage Tanks are built tough, yet remain lightweight, for efficient diesel transport.

- Twin vent diesel breather
- Lockable ball valve 40mm (1 1/2")
- Lockable calibrated site tube
- Stainless steel mounting pins
- Poly sealed lid

PUMP KITS AND SKID FRAMES AVAILABLE

“Flow rates of up to 120 L/min”

DIESEL CARTAGE PERFORMANCE PUMP PACK

Add our Performance Pump Pack for a fast, efficient diesel transfer solution.

Designed for quick refueling of machinery and site equipment, this plug-and-play setup delivers **flow rates of up to 120 L/min.**

INCLUDES: Standard Diesel Cartage tank plus..

- **Heavy-duty galvanised skid frame** with checker plate pump mount, side fork pockets & lifting points
- **High-flow transfer:** up to 120 L/min
- **Davey 5155HV pump** paired with **Honda GX160 (5.5HP) engine**
- **Water Captor filter (30 micron)**
- **Auto shut-off nozzle** with mounted holder
- **Auto retractable hose reel**
- **25mm x 15m hose** for easy reach around equipment

Residential Range SLIMLINE & SMALL TANKS

We offer a range of domestic rainwater tanks to suit the suburban environment.

Our tanks are fully certified and manufactured for the household blocks where space is limited. Slimline tanks that fit neatly under the eaves and traditional round tanks make up the residential range.

The rainwater tanks are available in a range of sizes, styles and colours. You are sure to find the perfect tank for your requirements to complement the surrounding environment of your home.

SLIMLINE & SMALL TANK BENEFITS:

- Space saving designs
- Can be placed directly onto pavers
- Reinforced band allows tap placement for easy access
- Easy to relocate
- Manufactured locally in Western Australia with a 10 year guarantee
- Variety of colours, UV resistant

WE MAKE IT EASY TO START COLLECTING RAINWATER

INSTALLATION

AUTO RAINWATER HARVESTING SYSTEM

All In One Automatic Rainwater Harvesting Systems.

An all-in-one system where technology does the work for you when it comes to collecting & utilising your rainwater for in-house reuse.

If your rainwater tank is running low, the roof mounted controller automatically switches the water flowing to the house from the tank to water directly from the water mains. Switching back to rainwater automatically once your tank's water is replenished. It will always use rainwater first and you will always have an uninterrupted water flow to your home.

AUTO RAINWATER HARVESTING SYSTEM INCLUDES:

ROOF MOUNTED
AUTO WATER SWITCH
CONTROLLER

DIVERTRON 1200
SUBMERSIBLE PUMP

BUG PROOF
OVERFLOW PORT

EXTRA FITTINGS & ACCESSORIES

Build the ideal water tank solution package for your home with our range of quality accessories.

Make sure you make the most of your new water tank and deliver a high volume of quality water into your home.

We have categorised our range of slimline & small tank accessories in 5 easy steps to help you design the perfect water tank solution for your home.

1. COLLECT AND PROTECT YOUR Rainwater

Keep debris out of your rain harvesting system so it stays clean

LEAF EATER ADVANCED - \$77

Easily mounted, it prevents leaves entering the catchment pipes with its fine mesh screen.

TOTAL RAIN - \$165

The ultimate all-in-one rainwater cleaning device, filters leaves and diverts the first flush.

2. DIVERT YOUR RAINWATER

Divert contaminated roof run off keeping your tank clean

FIRST FLUSH WATER DIVERTER - \$66

Gives your tank the best water by diverting the first flush of rainwater from your roof.

FIRST FLUSH CARROT WATER DIVERTER - \$121

Its unique compact design takes up minimal space & diverts the first flush without the chamber.

3. WATER MOVEMENT

Make sure your water flows to where you need it to

ONGA JMP100 PUMP - \$671

An economical household pressure system with high performance & reliability.

DAVEY HP65-06T WITH TORRIUM2 - \$1,518

Offers perfect water pressure with a small water pump that can fit into a tight spot.

4. FINAL STAGE FILTRATION

Ensure your water is ready to use through proper filtering

DAVEY TWIN FILTER HOUSINGS KAS10J - \$528

Davey twin filter housing kits are assembled side by side on a stylish bracket for ease of installation.

DAVEY UV WATER DISINFECTION KUV57A - \$2,354

Delivers safe, clean water - using the power of ultraviolet light for reliable, effective, chemical-free disinfection.

OTHER FILTRATION SOLUTIONS AVAILABLE UPON REQUEST

5. MONITOR YOUR WATER LEVEL

Solutions that allows you to check the water level in your tank at a glance

EXPRESS TANK GAUGE - \$154

Accurately shows the level of water on the water tank wall. Great for tanks on stands & residential tanks.

HANSEN LEVEL ALERT - \$364

A maintenance free simple fluid level indicator that can be mounted on tank. Features easy adjust nut & security lock, HiViz Low wind resistant float & stainless steel fastenings.

GUIDED TANK GAUGE - \$275

The Liquidator uses a vertical guide tube. The indicator slides up and down on the outside of the tube while the counterweight is contained in it.
